Taaleem - Egypt's Leading Pure Play Higher Education Platform

Company **Overview**

About

Taaleem, operates a platform-based business model built on three operational pillars designed to be sustainably scalable across multiple assets and generate shared value between the company and the community. The platform's centralized supporting functions enable synergy extraction, control and operational optimization, and the exploitation of economies of scale, allowing Taaleem's academic units to focus on providing tailored value offerings and high-quality education.

Academic Quality

Providing accessible, high-quality tertiary education that equips students with the skills needed to begin thriving professional careers

Student Experience

Providing exceptional student experience and enhanced student development activities that maximize value for all enrolled students

Supporting/Enabling Functions

Delivering a range of centralized value-adding functions, enabling the sustainable replication of Taaleem's model across multiple units

No. of Universities/mn Population - 2022

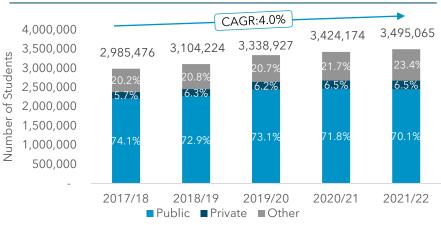

Source: World Higher Education Database - World Bank

- Egypt has the largest student-age population in comparable emerging markets and the MENA region.
- Given its young and growing population, a strong demand for educational services is projected in the long term.
- Egypt's low university penetration, combined with a low public spending on the sector, demonstrates a great opportunity for growth in private tertiary education.

Investment

- Planned CapEx is EGP 2.5bn (with a 15% inflation estimate, actual numbers may vary)
- Planned financing will be in the range of 40% equity & 60% debt (updated capital structure)
- Debt arrangement has been initiated with AUB since August 2022

Pricing

· Badya is to be positioned as a top tier university, and its tuition price points will be with a premium over those of NUB

New Acquisition in East Cairo

Located in East Cairo

Initial Capital Injection of EGP 302mn

Hosts up to 7 Faculties

80k SQM

A Third Asset Under Development

The newly acquired university is located in a densely populated area in East Cairo, serving a large faction of students with means to invest in high quality education. Since inception, Taaleem has gone through several rigorous selection processes to land on a suitable asset to acquire before choosing this new university as an ideal investment opportunity given that it meets the criteria set forth by the Company.

The acquisition of the university is a step forward towards our strategy of becoming Egypt's leading higher education services provider by expanding in key locations and providing value for money, high-quality tertiary education. The acquisition in New Cairo expands Taaleem's portfolio to three universities, of which, two universities are in Greater Cairo.

Transaction Overview

The acquisition of the university will be completed through Taaleem's subscription to a capital increase of the target company that currently owns the university to fund the construction of the campus on an area of 80 thousand square meters in a strategic location in East Cairo, with a capacity to host up to seven faculties. The capital injection will be used to expedite the construction and subsequent launch of the university. Taaleem's investment will bring its ownership to 32% against a capital increase of EGP 302mn in the target company, with a path to 51% shareholding one year after the university enrolls students. Moreover, the Shareholders' Agreement (SHA) between Taaleem and the existing shareholders of the target company stipulates Taaleem's right to full operational and financial control over the university from the onset of the agreement.

Semi-Green Acquisition

The university in New Cairo is a semi-green asset, meaning that it has already completed part of the licensing process. The university file has received approvals from the Ministry of Housing, Utilities & Urban Communities (MHUC) and the Supreme Council of Private Universities (SCPU), with the licensing process pending only the cabinet's approval and the presidential decree.

Growth Prospects

A Pipeline of Growth Opportunities

Taaleem is positive about the sector prospects and believes that this is the right time to focus on growth to fortify its position as Egypt's leading pure-play higher education group.

Taaleem's strategy targets reaching a portfolio of 4 assets with different offerings and price points in diverse geographic locations in the midium term.

Taaleem is currently studying various M&A opportunities, with a focus on semigreen assets (assets that are not operational but completed part of the licensing process)

Taaleem intends to finance the potential M&A opportunities through leveraging its unlevered balance sheet to optimize its capital structure and maximize ROE

Higher Education Landscape

Led by the industry's highest caliber, Taaleem is able to differentiate itself and leverage the higher education's market dynamics to successfully implement its growth strategy of becoming Egypt's leading higher education services provider

Corporate Governance Framework

Board Mandate

The Board manages the Company's affairs, which include setting and defining the strategic objectives of the Company as well as overseeing its execution. It also monitors the performance of the executive management and ensures the effectiveness of the Company's internal control and risk management system. The board regularly reviews the most suitable method to apply government mandates and adopt the highest performance standards to be followed by employees.

Board Committees

Audit

Oversees the Company's financial reporting and audit processes and ensures the effectiveness of the Company's internal control and risk management systems

Remuneration & Incentives

Establishes the Company's wage structure, reviews employee bonus and profit share proposals, and issues recommendations to the Board of Directors

ESOP

Supervises the system of the employee stock ownership plan for the top management and executive members of the Board of Directors

Internal Control System

The Company's internal control system ensures the quality and effectiveness of operational processes, preserves the Company's assets, ensures the accuracy of financial reports, and ensures that all existing laws and regulations are being implemented.

Control Environment

Internal Audit

Issues periodic reports that include the internal control system's strengths and weaknesses as well as proposed recommendations

Risk Management

Categorizes the main business risks the Company is exposed to classified as strategic, legal, operational, financial, and primary business risks

Compliance

Implements controls to circumvent risks, monitors and reports on the effectiveness of the internal control system, and resolves compliance issues as they arise

Financial Indicators (1/2)

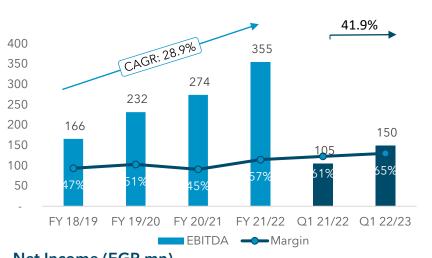

Revenue (EGP mn)

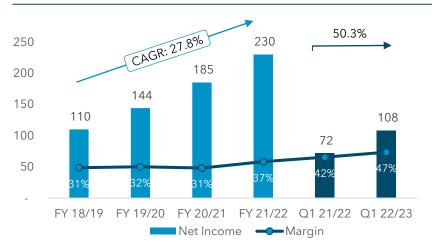

Adjusted EBITDA (EGP mn)

EBITDA (EGP mn)

Net Income (EGP mn)

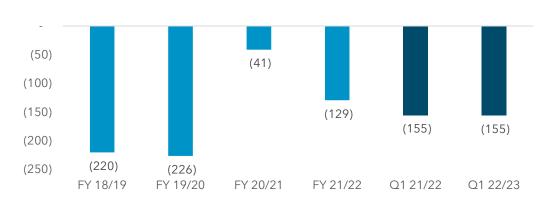

Strong operational performance across the board during Q1 22/23

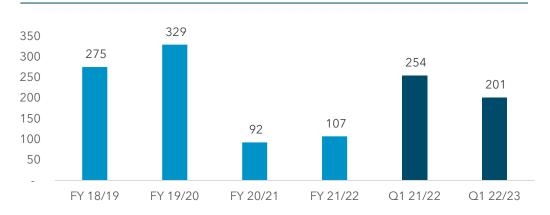

- Revenue came in at EGP 230mn, +34% YoY, mainly on the 13% YoY increase in NUB's student base, including those enrolled in the newly launched Faculty of Arts, reaching 6,913 students. The growth was also attributable to the recognition of 8 additional revenue days of the first semester of the AY compared to Q1 2021/22. Normalized for the difference in revenue recognition days, revenue grew 21% YoY.
- **EBITDA** recorded EGP 150mn, growing 42% YoY with a strong 65% margin. Excluding the ESOP reserve booked in Q1 22/23, adjusted EBITDA would have grown by 44% YoY with a 66% margin. Adjusting for the difference in revenue recognition days, normalized EBITDA grew 23% YoY.
- Net Income landed at EGP 108mn, reporting a 50% YoY growth and a strong 47% margin.

Financial Indicators (2/2)

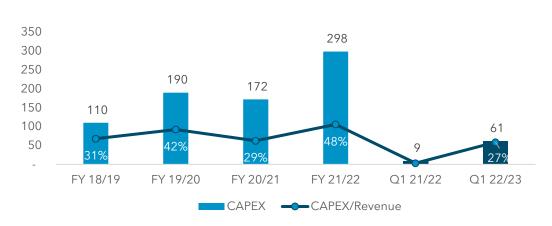

Working Capital (EGP mn)

Net Cash/(Debt) (EGP mn)

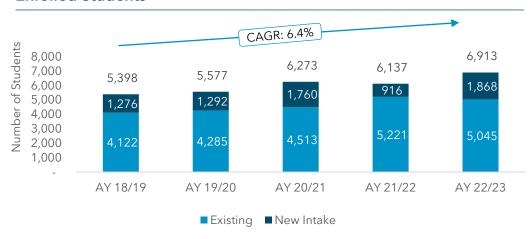

CAPEX (EGP mn)

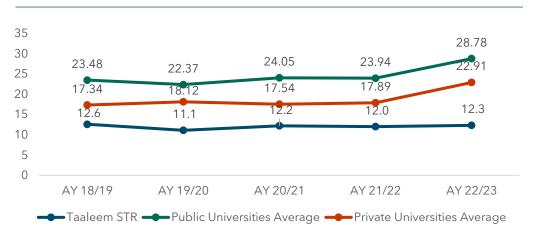

- Working Capital recorded negative EGP 155mn as of Q1 22/23. Taaleem has a negative working capital, as tuition is collected prior to the beginning of the semester, resulting in a negative cash conversion cycle (CCC).
- **CAPEX** for Q1 22/23 landed at EGP 61mn, recording a CAPEX/Sales of 27%, reflecting expenditures on NUB's new faculties and university hospital in the campus expansion.
- Having no debt to date, Taaleem remains in a Net Cash position of EGP 201mn.

Operational Indicators

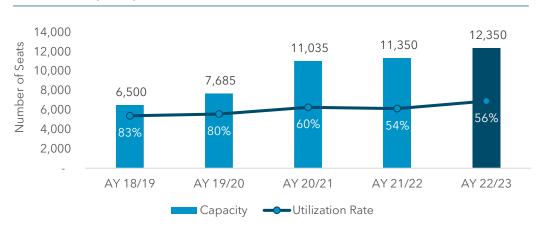

Enrolled Students

Student-Teacher Ratio

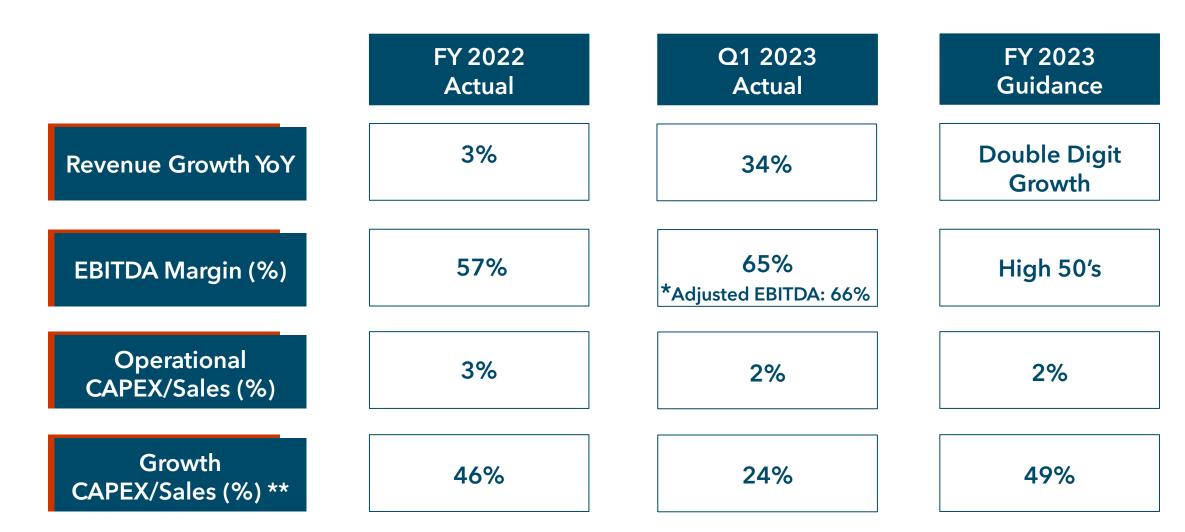

Student Capacity

- Enrolled Students at NUB totaled 6,913 during the AY of 2022/23, exhibiting a YoY increase of 13% as the year saw the reversal of previous SCPU and MoHE decisions that hampered student body growth during the preceding academic year.
- Taaleem's **Student Capacity** for all faculties at NUB reached 12,350 students in the academic year of 2022/23, up from 11,350 students last year, reflecting the addition of the Faculty of Arts to NUB.
- NUB's **Student-Teacher Ratio** stood at 12.3x in the academic year of 2022/23, compared to 12.0x in the previous year, significantly lower than public and private university averages.

Performance Outlook

^{*}Q1 2023's EBITDA has been adjusted for reserves allocated to the Employee Stock Option Program (ESOP).

^{**}Refer to slide 34 for FY 2021, FY 2022, and Q1 2023 CAPEX breakdowns

Highlights of the Main Events During the Past 12 Months

Nahda University in Beni Suef Receives a Presidential Decree to Launch Arts & Architecture

Nahda University in Beni Suef (NUB), the first and largest private university in Upper Egypt, received the presidential approval on February 12 to launch the two new Faculties of Arts and Architecture in the new extension of NUB. The two faculties are part of the planned expansion over the new land area of around 110,000 sqm acquired by Taaleem in 2020 to host the University Hospital and 5 new faculties. The first phase of the expansion included the University's Hospital and the Faculty of Arts, which are now operational as of September 2022.

SCPU Terminates Centralized Enrollment System

In its meeting on June 8, the Supreme Council of Private Universities terminated the centralized enrollment system that students were required to use to apply to private universities during AY 21/22, allowing them to directly apply to universities through their websites. It has also restructured the minimum acceptance grading system after the high school students' grades were announced, allowing for a careful analysis of test scores and determination of fair minimum acceptance grades that enabled private universities to admit the number of students required to utilize their capacities.

Taaleem Collaborates with Siemens Healthineers to Provide Cutting-Edge Medical Technologies

Taaleem collaborated with Siemens Healthineers to equip its university hospitals with the latest solutions in the field of medical technology, including installing imaging and laboratory equipment from Siemens Healthineers in NUB's university hospital. In addition, both parties agreed on an educational partnership, allowing medical students to enroll in the Siemens Healthineers Academy. Taaleem and Siemens Healthineers also signed a Memorandum of Understanding to extend their collaboration to Badya University, Taaleem's second asset that is currently under development.

Highlights of the Main Events During the Past 12 Months

Taaleem Signs MoU with Maastricht University to Establish Academic Partnership in Badya University

Taaleem and Maastricht University, one of the top universities worldwide and the 6th among young universities in the world based on the Times Higher Education ranking, signed an MoU to establish an academic partnership between Badya University and Maastricht University. Under the MoU, Badya University students will receive a supplementary certificate from Maastricht University in addition to Badya University's degree upon graduation, as all the programs will be based on Maastricht University's programs. The agreement also includes the possibility of implementing a student exchange program.

AY 22/23 Enrollment Update

Taaleem announced that the enrollment for the AY of 22/23 at NUB progressed strongly, reaching more than double the new intake numbers recorded in the AY of 21/22. NUB's enrollment for the AY of 22/23 reached 1,868, with 9 operating faculties including the newly launched Arts faculty. NUB's strong enrollment is supported by its excellent programs and reputation, and the record number of high school graduates eligible to enroll in universities this year.

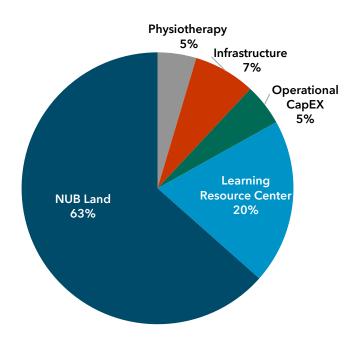

Taaleem to Acquire a University in New Cairo

Taaleem announced that it signed binding documentation to acquire control of a university under-development in New Cairo. The acquisition will be completed through Taaleem's subscription to a capital increase of the target company that currently owns the university to fund the construction of the campus on an area of 80 thousand square meters in a strategic location in East Cairo, with a capacity to host up to seven faculties. Taaleem's investment will bring its ownership to 32% against a capital increase of EGP 302mn in the target company, with a path to 51% shareholding one year after the university enrolls students. Moreover, the Shareholders' Agreement (SHA) between Taaleem and the existing shareholders of the target company stipulates Taaleem's right to full operational and financial control over the university from the onset of the agreement.
